

HD Polymer Wheel Stop

POLITE ENTERPRISES CORPORATION

Product Description

Polite Enterprise Corporation offers two HD polymer car stop options, in grey or in a highly visible yellow. Each car stop weighs only 17kg which greatly minimises freight costs and allows for a more flexible and less intensive installation process.

Both products are made from recycled polymer and comply with the latest Australian Standard AS/NZ 2890.1 2004.

Suitable surfaces:

Concrete

Asphalt

Suitable installation locations:

Indoor

Outdoor
