

TECHNICAL DATA SHEET

Rubber Wheel Stop

Product Description

Polite Urban Infrastructure (PUI) is a leading manufacturer of traffic management products.

PUI designed and developed the Rubber Wheel Stop 25 years ago. Manufactured from recycled Rubber, this wheel stop won't chip or rust, they are finished in a highly visible yellow hazard pattern and come complete with fixings. Simple and easy to install on asphalt or concrete surfaces.

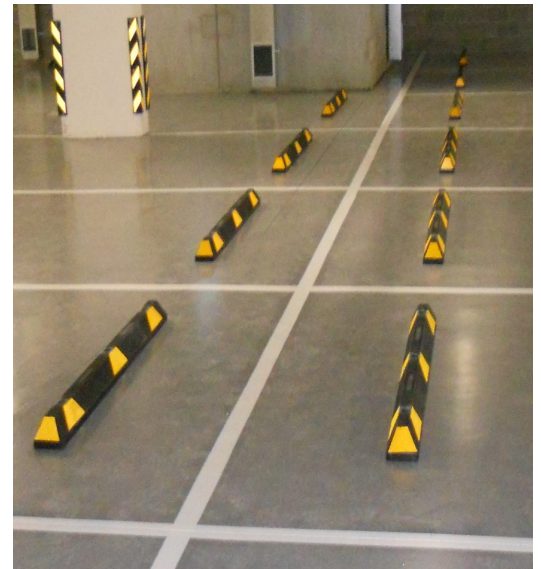

Each Wheel Stop only weighs 15kg which greatly minimises freight costs and allows for a more flexible and less intensive installation process.

Our Wheel Stop comply with the latest Australian Standard AS/NZ 2890.1.2004

Product Specification

Product Code	KERB PSS-161
Material	100% Recycled Rubber
Colour	Black and Yellow
Warranty	5 years
Weight	15kg
Length	1650mm
Width	160mm
Height	100mm
Installation	3 fixing per wheel stop
Fixings	FIXING 004 - Concrete FIXING 006 - Asphalt/Bituman fixing

Suitable Installation Locations:

- ☒ Indoor
- ☒ Outdoor
